Approximate freight rates per bushel to most points in New York and adjacent states are:—potatoes, beans, peas 8c to 24c; oats 5c to 12c; barley 7c to 18c; corn 8c to 20c. Delivered prices will be quoted if requested. Special prices will be quoted on large orders. **Terms**—Full cash with order if less than \$50. Twenty per cent cash with order if \$50 or more and the balance before shipment or at your bank on arrival.

**Time of Shipment**—Potatoes will be shipped on dates requested if temperatures permit. Orders of 200 bushels or more can be shipped safely at any time in refrigerator cars. Potatoes should be ordered shipped early enough to allow plenty of time for greening before planting.

All other seeds will be shipped as promptly as possible after order is received, unless a later date is requested.

**How to Ship**—Freight is cheapest for 100 lbs. or more. Express is quicker but more expensive except for less than 50 lbs. for short distances. Parcel post is cheapest for less than 50 lbs. The best way is to order early and ship by freight.

**Guarantees**—I assume all risks in shipping. If seed is lost or damaged, I will replace if possible or refund money paid. I guarantee condition and quality of seed to be as represented. Shipments should be examined at the station and any damage or shortage reported to agent. If seed is not satisfactory do not accept it. Notify me at once and I will replace, if possible, or refund as you prefer. I strive to give complete satisfaction with every order of seed and am glad to say that many favorable comments have been received.
